Chancellor's Message

Dr. P. D. Patil

Greetings!

I am delighted with the release of the latest issue of Dr. D. Y. Patil Vidyapeeth (DPU) newsletter! The newsletter records the various achievements of DPU in the last academic year.

The best thing about this issue is that it represents the creative side of DPU students to a fair degree—something that we think we all need to reconnect with. Amidst the busy schedule of semesters, exams, surprise quizzes and all those assignments and problem sheets that keep one busy, we tend to lose track of all the other simpler things that we are capable of, things that we could have been proud of, that can bring one satisfaction. So this time, the issue has made an attempt to bring out the talent concealed within our student community. This issue includes articles, poems, anecdotes, art-works and a host of other things.

In this issue, you can read examples of the impact that our faculty and staff members have on students and alumni or see how our student body steps up time and time again to help others in their time of need. I hope that reading this newsletter will have an impact on and encourage you to have an impact on others. We may never know how much our words or actions influence the lives of those around us. But we can choose daily to be a positive influence on others in a way that could change the rest of their lives even if it's just within the walls of where you work. Here at DPU, colleagues not only support and encourage each other but are there in time of each other's need.

As for our team of editors, designers, photographers, and correspondents, in addition to generating creative content from the student population has worked extensively to report on the events in and around the Vidyapeeth. The final publication reflects and encompasses the diversity inherent to the academic and extra-curricular spaces in DPU. The newsletter continues to expand its reach to achieve its vision of being a truly representative student publication.

God Bless!

Vice Chancellor's Message

Dr. N. J. Pawar

At DPU, cultural activities have always been an integral part of students' academic pursuit. For, every activity in an educational institution plays a significant role in students' overall development.

The Vidyapeeth designs cultural and social activities that are aligned with the educational objectives of the institution and the requirement of the students. Whether the activities focus on sports, arts, music, science or other areas and co-curricular activities.... they play a significant role in students' overall development, as well as screening talents and giftedness among students.

These activities assist students in adapting to real life scenarios and enhance their personal skills. It also helps them in bettering organizational, presentation, leadership and interpersonal communication skills. Not only that, these activities play a compelling role in enriching students on an emotional, cognitive, physical, and social level. It also acts as a catalyst for the promotion of national integration, coexistence, cultural values, and general health and well-being of the country. So, organizing these activities is a must. The coordinators of these events at DPU spend considerable time organizing, managing and balancing these activities so that it is attuned properly with the academic curriculum.

All these activities provide every student get the opportunity to learn beyond subjects and the mere confines of a classroom. In today's times, the importance of these activities cannot be undermined.

Dr. (Mrs.) Smita Jadhav

Dear Readers,

Greetings! Due to the onslaught of the global pandemic in the last couple of months, we have all lived through uncertainty and fear. It seems to be clear that this will be a way of life with the rise and ebb of COVID 19 across the country. We have accepted the new normal, have adapted to it and are moving forward. In the coming days and months, there is hope and a change for the better. For I believe, there is light at the end of the tunnel. As P. B Shelley said, "O, wind if winter comes, can spring be far behind?"

This the newsletter serves as a window through which the complete profile of the academic and co-curricular activities, achievements and progress made by the various institutes of Dr. D. Y. Patil Vidyapeeth, Pune have been chronicled.

Teaching and learning process is the heart of DPU, Pune. The various institutes offer a brilliant portfolio of educational programs that are recognized across the country. We believe in learning by doing and in empowering our students so that they are prepared to accept the diverse challenges of the future. As the former President of US, Barack Obama said, "The future belongs to young people with an education and the imagination to create."

Stepping into the portals of DPU, one will find our various institutions are the temples of education, learning and innovation. The Institutes

continue the quest of providing the best quality education to students. We are committed to creating an ambience for nurturing innovation, creativity and excellence in our students. Today's students are techno advanced generation who live in a sheer competitive world. As such, the role of education is highly challenging in this transition age. Hence, the focus is chiefly on academics along with other dimensions of constant growth and development of students. Every student is a precious whose personality is being chiselled, knowledge enhanced, character moulded, skills nurtured, attitudes refined and talents discovered with the support of dedicated faculty and the best infrastructure. We aim to prepare students to confidently and competently face the challenges of intensifying competition by imparting high-quality education coupled with appropriate training and wide exposure to the state-of-art practices. The various educational programs lay emphasis on all-round personality development and also in inculcating human values and professional ethics which help our students become more humane and socially alive to lead a meaningful life.

We use case studies, experiential learning, role-plays and simulation to enrich classroom learning experiences of our students. Students can experience experiential education combined with creativity, innovation, entrepreneurship and management that assist them to become "competent and expert in their subject field and value-based leaders". We also encourage our students to organize and participate in conferences and various student-driven activities organized on campus. We want our students to think big, dream big and accomplish big at DPU.

Our faculty members are excellent in teaching and research and bring innovation and diversity to the classroom, which helps us deliver memorable learning experiences to students. Students also get the chance to interact with industry specialists and alumni, who help broaden their understanding of various business concepts through their own experiences.

The newsletter is one such initiative that mirrors the life of our Institutes phase by phase. I take the opportunity to congratulate the students who have brought laurels and glory to their parents, teachers and the Institutes.

I want to conclude in the words of Mahatma Gandhiji "Live as if you were to die tomorrow. Learn as if you were to live forever."

UNMESH- 2020 (Science Festival)

UNMESH- 2020 is a two-day Science festival (Interdisciplinary Research Conference) organized by Dr. D. Y. Patil Vidyapeeth, Pune. The festival gave a unique opportunity for the UG Interns, PG. Ph.D. scholars and the young budding staff to satisfy their curiosity regarding discoveries in the different fields of Science.

The program was inaugurated by Hon'ble Dr. (Mrs.) Smita Jadhav, Trustee, DPU, and the Chief Guest of the occasion, Dr. N. J. Pawar, Vice-Chancellor, DPU, who also was the Guest of Honour. The other respected guests on the dais were Dr. Ramesh Bhonde (Organizing Chairman), Dr. A. N. Suryakar (Registrar), Dr. J. S. Bhawalkar (Dean, Medical College) and Dr. P. Vatsalaswamy (Director, IQAC).

The inauguration began with the welcoming of the entire guests and their felicitation. The choir group of DPU Ayurved College sang the Vidyapeeth Geet. Dr. Shilpa Khandare was the Comparer of the Programme. Dr. Ramesh Bhonde gave a brief about UNMESH. The Chief Guest Hon'ble Dr. (Mrs.) Smita Jadhav delivered an inspiring speech and recalled the Eminent Scientists of India and their contributions. Dr. N. J. Pawar, Vice-Chancellor, DPU spoke about the idea behind organizing UNMESH and the importance of Interdisciplinary Research in today's times and declared UNMESH open.

During the two-day festival, different events were conducted like Oral Presentation, 1-minute Video Competition, Case Solving, Gallery Walk (of innovative ideas as model or chart), Patent Booth and Panel Discussion. A total of 340 delegates registered for the event out of which 140 participated in one event or the other.

Dr. A. N. Mishra, Dr. Amitav Banerjee, Dr. C. G. Raut, Dr. Payal Bansal, Dr. Pramila Menon, and Dr. Ramesh Bhonde were the judges for the different events. Dr. Dhara Lakhkar, from MAANAV, judged the Gallery Walk. The Panel Discussion was moderated by Dr. Pramila Menon and the other panel members were Dr. Amitav Banerjee, Dr. Ramesh Bhonde, Dr. Rupali Salvi, Dr. Vijayakumar, and Ms. Pratiksha Pawar. The panel discussed topics under the thrust areas of UNMESH.

There was an innovative session, "Entertainment in Teaching and Learning" where the students presented clips from the movie and discussed medical conditions and the drugs used. This session was coordinated by Dr. Shivani.

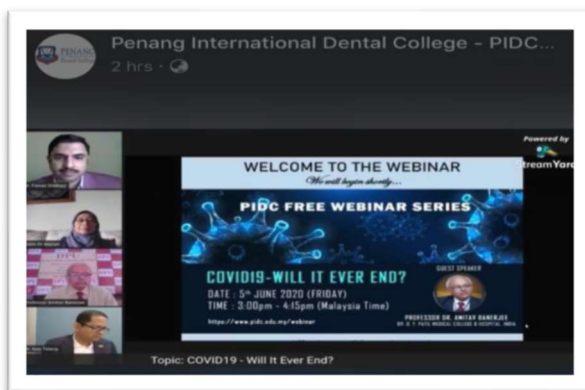

Dr. D. B. Sharma, Dr. Tushar Palekar and Dr. Rupali Salvi, the hospitality partners for the science festival were felicitated. The two-day scientific festival ended with the valedictory program and Dr. Pradnya Kakodkar, organizing secretary proposed the vote of thanks. The Chief Guest gave the trophy to the winning college. Dr. J. S Bhawalkar, Dr. P. Vatsalawamy, Dr. Ramesh Bhonde and Dr. J. K. Pal gave away the awards to the winners in the individual category.
