**Dr. P. D. Patil**

In the words of Swami Vivekananda, “education is a harmonious combination of head, heart and hands”. Keeping these objectives in mind, Dr. D. Y. Patil Vidyapeeth, Pune, offers a range of professional programmes for the all round development of youth. The Vidyapeeth is not a mechanical collector and distributor of knowledge; instead, it offers intellectual hospitality and wealth of mind that helps in cultivating the power of thought and imagination. The University offers a wide array of technical and professional courses. A cursory glance at this annual report would show you the excellent infrastructure and high academic standards maintained by the University and its constituent colleges /institutions.

I have travelled all over the globe, visited a number of institutions and universities and I am happy to inform you that at the Dr. D. Y. Patil Vidyapeeth, Pune, we have adopted excellent educational practices and teaching methodologies which are comparable to the best available in the world. All the constituent colleges/institutions have dedicated faculty and state-of-the-art infrastructure with well-stocked libraries and well-equipped laboratories. Faculty members are devoted to the promotion of quality education through imparting of quality instruction and through dedicated research.

As a result, the University has achieved recognition in both teaching-learning and research. We are marching ahead confidently. The Annual Report 2013-2014 gives us immense pleasure as we ponder over our accomplishments. We look forward to our success index staying high in the future also.

## *From the* **Chancellor's Desk**

Dr. D. Y. Patil Vidyapeeth, Pune has achieved an important position in the educational landscape of Maharashtra and India. This is a matter of gratification for the faculty, students, staff and other stakeholders of the Vidyapeeth. It motivates them to take this institution to greater heights of excellence and accomplishments.

Our Vidyapeeth is dedicated to the triple mission of education, research and community service. It is committed to maintaining a conducive educational environment, which prepares students for a career of excellence in the health sciences and other disciplines including Biotechnology and Management.

Committed to fulfilling our responsibilities, it is our mission to educate students to become caring, compassionate, ethical and proficient professionals. We believe that they will be creative individuals, capable of conducting research in the health sciences and other disciplines and will cater to health care needs including providing excellence in patient care.

We believe that the students should be able to study in an environment that is respectful of others, adaptive to change, accountable for outcomes and attentive to the needs of the under privileged.

We are dedicated to providing the doctors, dentists, scientists and managers with an outstanding education in both science and humanism. With this message, I welcome you all to this Vidyapeeth for pursuing the course of your choice and I wish you all the best.

**K. B. Powar**  
Chancellor

## *From the* **Vice Chancellor's Desk**

**Dr. P. N. Razdan**

It gives me immense pleasure in presenting to you the Tenth Annual Report of the Dr. D. Y. Patil Vidyapeeth, Pune for the year 2013-2014. The present report covers administrative, academic, and co-curricular activities of the University and its constituent colleges/Institutions from 1<sup>st</sup>June 2013 to 31<sup>st</sup>May 2014.

We have often heard that Education makes a man. In today's fast-paced world, where everything is changing at a rapid pace, it is important that change be brought in the education system also. We at Dr. D. Y. Patil Vidyapeeth, Pune, believe that instead of being localized, the education should be globalized. Global education is a viewpoint that has risen from the fact that modern people live and interact in an increasingly globalised world. It not only provides an opportunity but also enables the students to reflect and share their point of view and role within a global, interconnected society. Global education is something that opens people's eyes and minds to the realities of the globalised world and awakens them to bring about a world of greater justice, equity, and Human Rights for all.

To achieve this purpose, we provide a global platform to our students, where collaboration with international counterparts is done along with interactions with internationally acclaimed guests so that the students passing out from the University have a global vision to their knowledge.

Emerging trends in technical and professional education call for value addition, which means that students must acquire something more than what is provided in the curriculum. There is need to enhance their communication skills, to develop professional ethics in them and to help them learn and develop human values and concern for humanity. The constituent colleges/institutions of the University have dedicated mentors and state-of-the-art infrastructure with well-stocked libraries and well equipped laboratories. The programmes being offered by the university are developed in consultation with experts from respective fields. The University encourages its teachers and students to undertake innovative and relevant research to spread value-added knowledge.

I wish you all a successful year filled with achievements, professional fulfillment, and growth as we rise to meet new challenges and opportunities for our University.

**P. N. Razdan**  
**Vice Chancellor**

## *Vidyapeeth at a Glance*

Dr. D. Y. Patil Vidyapeeth, Pune was granted the status of deemed-to-be university under Section 3 of the UGC Act, 1956. It aimed at creation and dissemination of knowledge, skills and values fostering to a spirit of intellectual enquiry. The main goal is to provide the best of higher education especially in professional/health science education. The purpose is twofold; one, to develop the best human resource in the field of health science education; second, to provide the best of healthcare facilities to the needy. Though the University started with one constituent unit, i.e. Medical College in January, 2003, it has now eight constituent colleges/institutions offering various programmes. These are as follows:

- (i) Dr. D. Y. Patil Medical College, Hospital & Research Centre, Pimpri, Pune
- (ii) Dr. D. Y. Patil Dental College and Hospital, Pimpri, Pune
- (iii) Dr. D. Y. Patil College of Physiotherapy, Pimpri, Pune
- (iv) Dr. D. Y. Patil College of Nursing, Pimpri, Pune
- (v) Global Business School and Research Centre, Tathawade, Pune
- (vi) Dr. D. Y. Patil Biotechnology & Bioinformatics Institute, Tathawade, Pune
- (vii) Dr. D. Y. Patil Institute of Optometry & Visual Sciences, Pimpri, Pune
- (viii) Institute of Distance Learning, Pimpri, Pune

All these constituent colleges/institutions have dedicated faculty and state-of-the-art infrastructure with well-stocked libraries and well-equipped laboratories. Faculty members are devoted to the promotion of quality education through imparting of quality instruction to students and through dedicated research. The Dr. D. Y. Patil Vidyapeeth, Pune, is having international collaborations for Teaching, Research, Consultancy, and for exploring possible exchanges of Faculty members. The Vidyapeeth has entered into MoUs with Thammasat University, Thailand. University of Hong Kong, London School of Training. The MOU has also been signed between Global Business School & Research Centre and University of Skovde (Sweden). Under the Linnaeus Palme programme, University of Skövde and Dr. D. Y. Patil Vidyapeeth, Pune are having long-term collaboration in Biotechnology programme supported by the Swedish Council for Higher Education. The Vidyapeeth also receives research grants from external agencies such as ICMR, DBT, DST, DRDO, SIDA etc.

Through quality education, the Vidyapeeth empower the student to look forward confidently to the future, knowing that they have the capabilities to meet the challenges of present-day global environment. The Vidyapeeth has been accredited with 'A' Grade by NAAC for the period of five years. Dr. D. Y. Patil Vidyapeeth, Pune, emphasizes on quality, clarity of vision and ability to draw out the best from the team and ensure that the institutes stand out for their quality of education as well as social work amongst the communities in the neighborhoods. Today, Dr. D. Y. Patil Vidyapeeth, Pune is not just an institute that mechanically distributes knowledge, but something that has gone a step further by offering an intellectually stimulating environment that encourages the power of thought and imagination, from UG to PG & Research.

## *A Resource and Information Centre – Library*

For an educational organization, a library functions like the brain. The richer the library, richer is the academic content of teaching-learning process. In keeping with this, the University has developed an excellent central library for the systematic collection, organization, preservation and dissemination of knowledge and information. It has a total floor area of 29638 sq. ft. with provisions for separate reading rooms for staff members and spacious reading rooms for students. The total collection of the libraries is more than 50,517 books and 2,273 journals. The libraries have been provided with Wi-Fi Internet facilities and students and faculty have open access to this facility. The Library holds a huge collection of printed as well as electronic resources which include books, journals, databases, CDs/DVDs, e-journals, reports, case studies, conference proceedings, training manuals, etc.

In addition to this, every constituent institution/college has its independent library, abounding in latest and updated books and journals of the respective stream of knowledge.

There are 1839 online journals in addition to 376 regular journals, which also include some of reputed journals. Oxford Journal of Brain, British Medical Bulletin, American Journal of respiratory and critical care medicine, British Journal of Sports medicine, Journal of Clinical Microbiology etc. Students & Staff Members are always taking the benefit of these journals in their regular studies. Dr. D.Y. Patil Vidyapeeth is one of the few Universities who have subscribed full access of Scopus journals.

### **Knowledge Gaining/Sharing**

Knowledge can be updated through knowledge sharing at the right platform. To provide this platform the University has organized 47 events that include 23 Workshops, 15 Seminars, and 9 Conferences, where more than 3883 knowledge aspirants have participated. It has also encouraged faculty members and students to attend 104 Workshops, 48 Seminars and 252 Conferences organized by other organizations.

All these programmes provide well-defined competencies, knowledge, skills and lead to perfect career. The Vidyapeeth has constituted twelve Boards of Studies under the six different faculties to administer the entire programmes.

The curriculum development process involves curriculum need assessment through feedback on programmes from the stakeholders. Experts from different sectors of stakeholders are nominated as Authorities of the Vidyapeeth to contribute to academic development. The curriculum are revised on regular basis as per the need of advancement in the particular field.

**Curriculum Designing is a continuous process in the University to ensure that students are getting advanced knowledge in the field of their specialty.**

The students have appropriate flexibility to pursue the programme in respect with time and diversity. Slow learners and advanced learners are identified by way of mid-diagnostic survey. The slow learners are subjected to appropriate remedial drill/tutorial and advanced learners are provided with relevant ambience to meet the higher challenges.

The performance of the students is monitored in the form of End Semester/Annual Examinations. Continuous Assessment is done through internal assessment both for theory and for practicals separately.

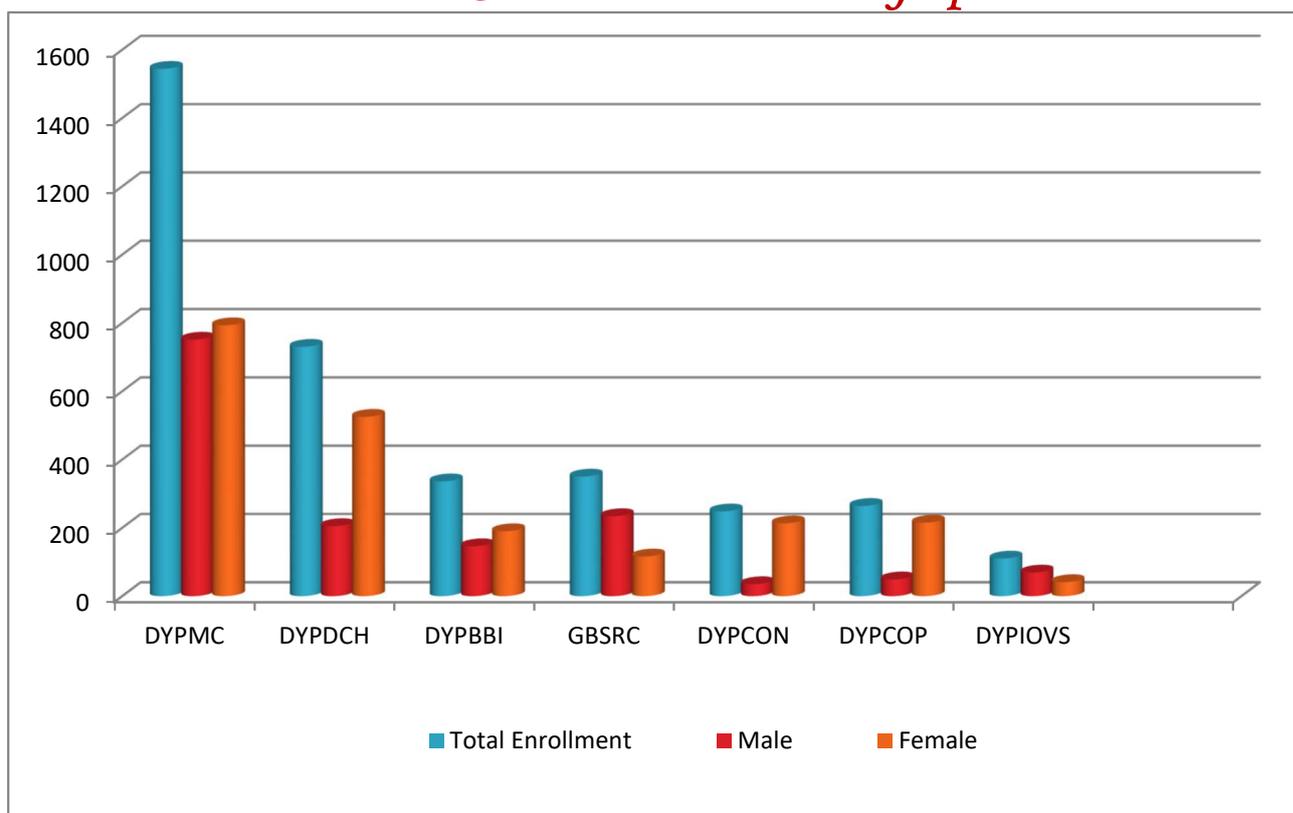

All the programmes are designed at par with the guidelines of the respective Statutory Councils.
