ANNUAL REPORT

2022-23

From the Chancellor's Desk

Dear Students,

Greetings! It's time for the Annual Report of the Vidyapeeth! This Report will give you a glimpse of the excellent infrastructure and high academic standards maintained by the Vidyapeeth and its constituent colleges/institutions. It also chronicles the achievements and efforts of the administrative, academic, and co-curricular activities of the Vidyapeeth here.

Since its inception, the Vidyapeeth has come a long way. We have established practices and teaching methodologies that are unique and comparable to the best available in the world. Here, besides academics, students also gain intellectual wisdom and insight that gives power to their wings of thought and imagination. For I believe that, if we're going to bring out the best in people, we, too, need to sow seeds of encouragement.

In short, DPU's essence and spirit are best captured by the words of the Former President and Visionary Educationist of India, Sh. Sarvepalli Radhakrishnan, "Education, to be complete, must be humane, it must include not only the training of the intellect but the refinement of the heart and the discipline of the spirit. No education can be regarded as complete if it neglects the heart and the spirit."

Today, DPU is recognized as a premier Vidyapeeth with an exemplary mission to nurture young men and women who are equipped to achieve success in a rapidly changing, deeply interconnected world. Be it academics, extracurricular, or co-curricular activities, DPU has proven itself time and again.

I would like to conclude by saying that DPU will strive to remain an enlightened place of learning, where we continue to push boundaries of knowledge, nurture critical inquiry, and build an empowered community. As Swami Vivekananda said, "We want that education by which character is formed, the strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet".

Wishing you all the very best in your future endeavors...

Dr. P. D. Patil
Chancellor

From the Pro Chancellor's Desk

It is matter of immense pleasure for me to be part of Dr. D. Y. Patil Vidyapeeth as the Pro-Chancellor. I would like to share that Dr. D. Y. Patil Vidyapeeth is focused on promoting transformation through need based high quality, skill based education for the Students.

Our Vidyapeeth has been on the path of delivering quality education by developing young human resources with ethical and moral values while boosting their leadership qualities, research culture, innovative skills and playing a positive role in Nation building.

It was very pleasing to see that the Vidyapeeth is sustaining its existing strengths. I take pride in our Students achievements during the year 2022-2023. Our faculty kept up their high standards and ensured that student learning is enhanced and enriched exploring the use of technology and took it to new dimensions. Honors came for both teaching and research achievements.

We have built our reputation on reaching remarkable landmarks, highest quality teaching that transforms lives and powerful partnerships that create new possibilities and also face the challenges nationally and globally.

At Dr. D. Y. Patil Vidyapeeth, keeping the mission of academic excellence we believe in offering real world experiences and prepare our students by instilling strong analytical abilities and an entrepreneurial mindset.

This annual report show cases some of the exceptional ways Dr. D. Y. Patil Vidyapeeth is implementing the shared vision of the achievements of our faculty and students that reflect the ongoing evolution and growth of the Vidyapeeth.

Driven by our vision to be a world leading university, looking ahead we decide to deliver an outstanding education, research and professional services that are key to our success. This stride towards perfection has channelized the path for realizing and achieving scholastic accomplishments in the years to come.

With Best Wishes

Dr. (Mrs.) Bhagyashree P. Patil
Pro Chancellor

From the Vice Chancellor's Desk

It is my profound pleasure to present the 20th Annual Report of the Dr. D. Y. Patil Vidyapeeth, Pune (Deemed to be University) for the year 2022-23. The report records the administrative, academic and co-curricular activities of the University and its constituent Colleges / Institutions from 1st August 2022 to 31st July 2023. The Dr. D. Y. Patil Vidyapeeth, Pune has always given prime importance to understand the essence of education. We believe in the educational philosophy of the great philosopher 'Swami Vivekananda', who says that Education is reflection of perfection in a man / woman. Based on this, we at DPU through the team of competent and very skilled faculty try to bring out the best in the students in order to make them capable and knowledgeable professionals, who will serve the society. Hence, we believe that learning should not be limited only to physical and worldly aspects but along with it, moral, ethical and spiritual aspects should also be incorporated into it.

In today's rapidly changing world, where sectors evolve swiftly, it's crucial to update education accordingly. At Dr. D. Y. Patil Vidyapeeth, Pune, we recognize the power of globalized education. Modern society thrives in an interconnected global environment, offering students a chance to share insights and understand our world better. This experience opens their eyes to global realities, empowering them to create a future of enhanced opportunities, justice, and equality.

Hence, Dr. D. Y. Patil Vidyapeeth endeavors to furnish students with a global platform through diverse partnerships with esteemed international institutions. These collaborations facilitate interactions with globally renowned experts, enabling the exchange of knowledge, skills, and experiences. This process significantly broadens students' perspectives and horizons.

The programs offered by the Vidyapeeth are developed in consultation with experts from respective fields. Besides whatever is offered in the curriculum, we also offer value added courses along with it. The Vidyapeeth has been thus contributing towards enhancement of student's communication skills, help them follow professional ethics and understand and respect cross cultural ideas by way of inculcating human values. The Vidyapeeth encourages its teachers and students to undertake innovative research programs for the generation of new knowledge.

Dr. D. Y. Patil Vidyapeeth has been accredited (3rd Cycle) by National Assessment and Accreditation Council (NAAC) with a CGPA of 3.64 on a four point scale at 'A++' Grade. Based on this UGC has accorded Category – I Status to DPU. The Vidyapeeth has also attained a higher position in the National Institutional Ranking Framework (NIRF-2023) conducted by Ministry of Education, New Delhi and achieved 3rd rank in Dental Category, 15th rank in Medical Category, 46th rank in University Category and 81st rank in Overall Category in India. DPU has been awarded the coveted Diamond QS I-GAUGE Indian University Rating. All our hospitals are NABH accredited as also all laboratories are NABL accredited as well as GMP certified, and FDA approved.

At the end, I wish you all a successful year filled with achievements and professional fulfilment!

Dr. N. J. Pawar
Vice Chancellor

From the Trustee & Executive Director's Desk

Dear Students,

Greetings from Dr. D. Y. Patil Vidyapeeth! I feel very happy to present before you the Annual Report of Dr. D. Y. Patil Vidyapeeth for the last academic year. It is time to reflect on the wins and gains that DPU has garnered. And, we have done pretty well for ourselves. As William Shakespeare said, "All's well that ends well." At the beginning of the year, we had set our goals and walked towards it. So, every year, we continue to set and seek new goals.

Along with our goals, the Vidyapeeth fully understands its responsibility of capacity building for nation development. and, that the highest priority needs to be given to raise the bar of teaching, learning, research and development, and innovation in the University. I can proudly say that DPU has continued to accomplish the responsibility of enriching the country with thinkers, scientists, entrepreneurs, administrators, writers, artists, and politicians. The Annual Report provides the profile of the various departments/units of the University, such as the outline of courses, data related to student's enrollment, activities performed by them, and the achievements made by the staff and the students.

As for our future plans, we believe that DPU will only succeed in its vision in the years to come if the students can achieve their potential not just in terms of academic excellence but also in co-curricular areas of sports, culture, and art. We strive to provide an environment for their all-round development. I hope that the students, the faculty, and the administrative staff continue to come together as the university forges ahead on the path of success with the same momentum in the coming years.

I want to conclude with our Former President of India, A P J Abdul Kalam's words, "Never stop fighting until you arrive at your destined place- that is the unique you. Have an aim in life; continuously acquire knowledge, work hard, and have the perseverance to realize the great life."

Wishing you all the best...

Dr. Smita Jadhav

Trustee & Executive Director
Dr. D. Y. Patil Vidyapeeth Society

ICMR Centers for Clinical Trials: ICMR WEST ZONE

Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pune has been recognized by the Indian Council of Medical Research (ICMR) as the ICMR Centre for Clinical Trials for the Western Zone in India. Further details are given in the communication from ICMR received below:

ICMR Project entitled- ICMR-National Clinical Registry of COVID-19

Funding Agency- Indian Council of Medical Research (ICMR), Delhi

Principal Investigator-Dr. Sachin Shivnitwar

Project duration- 14 June 2021 to 31 August 2024. (ongoing)

Budget sanctioned-34,05,192.77/-

The primary objective of the "National Clinical Registry of COVID-19" project is to establish a digital repository for comprehensive data collection on clinical and laboratory aspects, treatments, and outcomes of COVID-19 patients hospitalized in India. Its secondary objectives encompass several key areas: 1) Investigating various facets of COVID-19, such as its natural progression, examining the disease spectrum, identifying prognostic and risk factors, and documenting treatment outcomes. Additionally, it seeks to explore contextual questions, like the impact of COVID-19 on individuals with tuberculosis or those affected by malnutrition. 2) It serves as a platform for conducting additional clinical research studies at specific sites. 3) The registry aims to gather follow-up data on COVID-19 patients discharged from registry sites.

The study commenced after securing approvals from the Central Ethics Committee and Institutional Ethics Committee. It involves prospective data collection on all COVID-19-confirmed hospitalized patients, regardless of age or gender, starting from June 14, 2021. Since the registry does not pose any harm to participants, prior consent is not required. However, written consent is obtained for telephonic follow-ups. Follow-ups are conducted monthly for the first three months and then every three months for up to a year. Data is collected on the day of admission and every other day until discharge or death. Separate forms exist for admission, daily records, death/discharge, as well as specific forms for individuals below 19 and healthcare personnel, as needed. A verbal autopsy form is also available for post-discharge deaths, with telephonic interviews for this purpose.

ICMR Project entitled- Factors associated with sudden deaths among adults aged 18-45 years India: Multicentric matched case-control study.

Funding Agency- ICMR- National institute of Epidemiology, Chennai.

Principal Investigator- Dr. Sachin Shivnitwar.

Project duration- October 2021 and March 2023

Budget sanctioned-1,50,000/-

In response to recent media reports regarding sudden deaths among young adults, the Indian Council of Medical Research has initiated a study to investigate the underlying causes of these unexpected fatalities in individuals aged 18-45 in India. The study aims to compare data from those who passed away suddenly in a hospital or were brought in already deceased between October 2021 and March 2023 with that of individuals who are currently alive. It specifically seeks to explore factors such as a history of COVID, COVID vaccination status, contact with COVID-positive individuals, and intense physical activity immediately preceding the fatal event. The findings from this study will provide valuable insights for both healthcare professionals and the wider community. Study will be conducted in selected hospitals from the National Clinical Registry for COVID-19 network and others as well as at the community level. Data will be collected from the existing case records and from the family members of the participants.

ICMR Project entitled- Effect of COVID-19 vaccine on thrombotic events among 18-45-year-old population in India, 2022: Multicentric hospital-based matched case-control study.

Funding Agency- ICMR- National institute of Epidemiology, Chennai.

Principal Investigator-Dr. Sachin Shivnitwar.

Project duration- October 2021 and December 2022

Budget sanctioned-1,68,700/-

The development of safe and effective vaccines plays a pivotal role in mitigating the SARS-CoV-2 pandemic. Vaccines authorized for inclusion in national immunization programs are deemed safe and effective based on clinical trial data. The Indian Council of Medical Research (ICMR) aims to undertake this study to investigate potential severe health issues linked to COVID-19 vaccines administered in India, focusing on individuals

aged 18-45. A methodical evaluation of vaccine safety is essential to ensure the continued use of safe vaccines and to sustain public confidence in vaccination efforts.

ICMR-NIE will employ a hospital-based matched case-control design for this study. Cases are individuals aged 18-45 in study hospitals who have experienced specific thrombotic events in the 18 months following the study's initiation. This timeframe allows for diverse exposure to vaccine doses. Controls are also individuals aged 18-45, admitted to the same hospitals within ± 7 days of the cases' hospitalization, but without thrombotic events, adverse events from COVID-19 vaccination, or respiratory illnesses. Control selection includes patients from various departments like orthopedics, ophthalmology, otorhinolaryngology, and more. The outcome variable is newly diagnosed thrombotic events, including arterial and venous thrombosis. Primary exposure is defined as receiving at least one dose of any COVID-19 vaccine within 42 days of thrombotic event symptom onset (for cases) or hospitalization (for controls).

Clinical Trial Unit :

Dr. D. Y. Patil Medical College, Hospital and Research Centre, Pimpri, Pune, has an established Clinical Trial Unit with all the Clinical research facilities. This unit is well equipped with all the essential constructs for clinical trials in the form of required infrastructure as refrigerators and deep freezers with continuous temperature monitoring devices for Investigational products and specimen storage respectively. The staff of the Department are GCP and ICH-GCP trained.

Extramural Clinical Trials and Research Projects

Among the extramural projects funded from within the country, there are 19 research project proposals that are either completed recently (11 projects) or are ongoing (8 projects) at our medical college, another seven projects are on the verge of being initiated soon and nine more research projects in the pipeline.

MOU for research collaboration has been signed between Dr. D. Y. Patil Medical College, hospital and Research Centre, Pune and Haystack Analytics Pvt. Ltd. (IIT Mumbai based start up company). They mainly deal with Whole Genome Sequencing of TB strains (both susceptible and resistant) and have also developed methods for the diagnosis of sepsis.

Internationally Funded Clinical Research Projects

Among the international collaborative research studies of our medical college, presently we have two NIH funded collaborative projects worth \$1408705/ and one CDC funded study worth \$ 180958/ USD in collaboration with Johns Hopkins university. USA

We have signed an MOU for launching a NIH funded study worth \$ 68019/ with Boston University, USA and the project is expected to start soon.

An MOU has been signed between MRI Global & DPU for study of drug resistant TB and the grant for the \$27,602/ project has been approved by MRI Global, USA

Collaboration with Harvard University (with funding by Harvard-Dubai Centre for Global Health Delivery Amount: \$66000) entitled: Assessing pathways to care among tuberculosis (TB) and drug-resistant tuberculosis (DR-TB) patients in Pune City, India: a biosocial inquiry. Study done during the period Jan 2018 to June 2019. Project has been completed.

A KNOWLEDGE RESOURCE AND INFORMATION CENTRE – LIBRARY

The Central Library has a good collection of printed rare books and manuscripts. They subscribe to e-journals, databases, and periodicals. Services include reference, lending, e- into retrieval, browsing, photocopying, books on demand, book exhibition, new arrival counter, readers' awareness, etc.

Every constituent unit has ensured the best library resources which follows an open access system. In the last 5 years, the collection of national and international books, manuscripts, magazines, and the digitalised collection has increased. The library has a total collection of 70278 books, 25686 reference books, 80 ancient books, and 16 manuscripts from universally reputed publishers.

The ancient books include books that are of vintage publication year, special editions, first editions, out-of-print books, original manuscripts, and books related to traditional Indian medical systems. The ancient and traditional books useful for the students and faculty members are made available by providing important links on the library portal of DPU. The search for procuring knowledge resources for the enrichment of the library is continuous and ongoing. In addition to this, every department of the constituent units has its own discipline-specific library resources.

DPU has ensured the best library resources at every constituent unit. Each department has its own departmental library. Libraries are automated using DPU- Enterprise Resource Planning (ERP) as ILS to facilitate speedy access to documents, journals, and other operations of the library.

Data of the library is digitalized based on relevant library software. OPAC (Online Public Access Catalog) facility is available for data search based on individual passwords by the user anytime, anywhere, or through the systems at respective libraries. The library transactions have been computerized (bar-coding). All the libraries subscribe to both print and e-journals of repute. They also subscribe to standard databases that include EBSCOHOST, SCOPUS, J-GATE, KNOWLEDGE HUB and ELSIEVER / CLINICALKEY / FLEX, CLARIVATE, (Web of Science), UP TO DATE, LEXICOMP, BMJ, OSMOSIS. The databases facilitate the search for title, subject, author, publisher, and keywords. All libraries of DPU and sister institutions are also connected by DPU-ERP software thus enabling students of DPU to access the books of other disciplines like Engineering, Pharmacy, Law, etc.

The Medical and Dental Colleges publish peer-reviewed journals which are included in the UGC-CARE list Group 1 (UGC-CARE ID:101002752 and 101026423) and indexed in the Directory of Open Access Journals (DOAJ).

Every constituted unit has its own Library Committee. This committee is renewed and reconstituted at regular intervals. It meets at least twice a year and makes recommendations regarding new purchases, library organization, facilities, and so on.

Each library has a spacious hall, dedicated collection, and display section, reading rooms, and IT zone/e-library/computerized library sections. Each library has also ensured the facilities - Individual Reading Carrels, Lounge Area for Browsing and Relaxed Reading, and IT Zone for accessing e-resources.

Biometric attendance system: Entry and exit for all users from the library register their attendance in the library through the biometric attendance system. It documents the number of visitors and the time both being incorporated into Enterprise Resource Planning (ERP). Log-in reports can be generated and tracked.

The working hours of the library for the Medical and Dental colleges range from 15 to 17 hours on working days / holidays / vacations and 24 hours during examination days. The libraries of other constituent units remain open for 9 to 12 hours on working days.

The library arranges training and orientation programs for staff and students on OPAC, e-library access, e-browsing, searching the internet and other free or paid databases.

Average annual expenditure for purchase of books and journals is 247.52 Lakh during the last five years. The libraries have separate annual budgets for their enhancement of the resources.

IT Infrastructure and Services:

The DPU has a state-of-the-art Data Centre with separate IT and Software Development Cell (SDC) units. IT and SDC are managed separately by respective Heads and supported by 40 well-trained staff. Data Centre provides comprehensive technical IT support including software development, procurement and maintenance of hardware and liaising with software providers. Wi-Fi facility is provided throughout the campus with optic fiber network and 1:1 Internet lease line connectivity through 2000 Mbps of Tata Communications Ltd. Further 1 GBPS is through NKN, BSNL-300 Mbps MPLS spoke connectivity from Tata; 1-10 GBPS ring shape OFC from DPU Data Centre to the Institutes is made available and well appreciated use of the facilities are going on in the campus.

The DPU has about 1770 computers of which 1071 have been utilized exclusively for academic purposes by the students and the faculty members and the remaining are used for administrative work.

- **Establishment of AV studio for preparation of e-content:**

Dr. D. Y. Patil Vidyapeeth has its own e-content development facility for learning innovations. This caters to the needs of students in providing access to the digital contents. The video recording studio is available to the faculty to create and disseminate digital content such as high-end audio and video, high profile lectures and live broadcasts. Studio and on-location video shoots, editing, postproduction, video transcoding, podcast production and archiving are available.

- **Lecture Capturing System (LCS):**

DPU makes use of Lecture Capturing System (LCS) where all classes are recorded in real time and made available on the Vidyapeeth online platform. This is the best methodology for conducting a systematic review. It adds value to courses – as more and more students are demanding the flexibility and control that recorded lectures provide over their learning. It works especially well in subject areas where students benefit from repeated viewing of content.

CURRICULUM DEVELOPMENT AND VALUE - ADDED SESSIONS TO ENHANCE COMPETENCY

The curriculum is planned as a purposeful progressive and systematic process to create positive improvements in the education system. Developments happening around the world and at the national level are considered the development of university curricula. There is a need to update the curriculum to address society's needs. Curriculum has become a dynamic process due to the changes that occur in our society. University, learners, teachers, and researchers need to produce best before the society.

The Vidyapeeth must develop curriculums for programs that are innovative and in demand in the local and global market. The curriculum development and enrichment by value-added courses enhance the competency of learners.

The Vidyapeeth has 11 faculties - Medical, Dentistry, Allied Health Sciences, Nursing, Optometry, Biotechnology and Bioinformatics, Management, Ayurved, Homoeopathy, Design and Liberal Arts, 11 Boards of Studies, Academic Council, Board of Examinations and Board of Management. The curriculum design, introduction of new and innovative courses and research planning are undertaken through College Councils, Planning and Monitoring Boards etc.

Curricular development and process of approval:

- Review of status and feedback
- Need-based assessment and relevance.
- Curriculum development workshops
- Development of draft curriculum by departmental and college committees
- Discussion and finalization of the draft curriculum by the respective Boards of Studies and Faculties
- Consideration and approval of the curriculum by the Academic Council
- Approval by the Board of Management
- Implementation of the curriculum through official notification made known to all the stakeholders.
- Discussion on curriculum transactions and methods of transactions at staff councils/college councils
- Periodic review of the curriculum based on the implementation processes and its acceptability, utility and reach within the time frame.

Collection of feedback from all the Stakeholder on the Curriculum

- Conveying the feedback to the Boards of Studies / Faculty for the review, update, or modification /clarification
- Periodic curriculum development workshops involving experts from outside to consider the recent advances in curriculum development of prestigious institutions at global level.

ONGOING MAJOR RESEARCH PROJECTS BY FACULTY MEMBERS FUNDED BY EXTERNAL FUNDING AGENCIES

DR. D. Y. PATIL MEDICAL COLLEGE, HOSPITAL & RESEARCH CENTRE

Sr. No.	Title of Research Project	Sponsoring Agency	Investigators	Research Grant
Department of Physiology				
1	A pilot study to assess the effect of intranasal oil instillation (Pratimarasha Nasya) on nasal barrier function among healthy individuals	CCRAS (AYUSH)	Co-Investigator- Dr. M. S. Karandikar	60,07,629/-
Department of Microbiology				
1	Efficacy of line probe assay for the rapid detection of MDR tuberculosis at a tertiary care hospital in India	RNTCP	PI. -Dr. Chanda Vyawahare	1,98,000/- Sanctioned: MoU has been signed with CTO-RNTCP
2	Effect of symbiotic approach on vaginal microflora and its application in treatment and prophylaxis of vaginal infection	ICMR	PI Name: Dr. Sanjeevani S. Deshkar, CO PI: Dr. H. G. Deshpande, Dr. Dr. N. R. Gandham	23,62,440/-
3	Global Action In Healthcare Network (GAIHN) Antimicrobial Resistance India, Enhanced infection and prevention driven by targeted surveillance	US Centers for Disease Control and Prevention	PI- Dr. Shahzad Mirza Co PI- Dr. Shubhangi Kanitkar	--
Department of Ophthalmology				
1	A prospective multicentre single arm, Phase IV study to assess the safety and efficacy of fixed dose combination of Brinzolamide and Timolol ophthalmic suspension to decrease intraocular pressure in adult patients with open angle glaucoma or ocular hypertension for whom monotherapy provides insufficient IOP reduction	Sun-Pharma Company – clinical trial phase IV	Dr. Megha Kotecha, Dr. Varsha Manade, Dr. Parikshit Gogate, Dr. Kalpita Goli, Dr. Jhimli Ta CRC- Dr. Surbhi Chodvadiya	Granted but not taken
2	A prospective, multi-center, single arm, open label, study to evaluate safety and efficacy of RanizuRel™ containing Ranibizumab for intravitreal injection, manufactured by Reliance Life Sciences, Pvt. Ltd. India in patients with neovascular (wet) age-related macular degeneration.	Reliance Life Sciences, Pvt. Ltd. India	Dr. Nilesh Giri (PI) Dr. Sonal Erole (CO-I)	11,44,600/-

3	A Global, Phase III, Double Blind, Randomized Controlled Study to Compare the Efficacy, Safety & Immunogenicity of LUBT010 with Lucentis® in Patients with Neovascular Age-Related Macular Degeneration.	Sponsor- Lupin Limited, Pune CRO- IQVIA	Dr. Nilesh Giri (PI) Dr. Sonal Erole (CO-I) & Dr. Tushar Agrawal (CO-I)	10,76,454/-
4	A Phase III, Prospective, Randomized, Parallel group, Double-blind, Multicentre Study to Compare the Efficacy, Safety, and Immunogenicity of Lupin's Aflibercept with Eylea® in Patients with Neovascular Age-Related Macular Degeneration.	Sponsor- Lupin Limited, Pune	Dr. Nilesh Giri (PI) Dr. Dr Iqra Mushtaq (CO-I)	47,50,000/-
Department of Radio-diagnosis				
1	Development of demographic specific Brain Morphometry Template for Indian Population	Siemens Healthineers Pvt. Ltd.	Dr. Varsha Rangankar	Software Cost
Department of General Medicine				
1	“Prevalence of microalbuminuria as a marker of early nephropathy in obese non-DM and non-hypertensive patients with reference to adipokine levels”.	ICMR	Principal Investigator Dr. Varsha Bhatt Co- Investigator Dr. A. L. Kakrani Dr Mahesh Krandikar Dr. Shubhangi A. Kanitkar	15,09,965/-
2	“A phase 2/3, observer-blind, randomized, controlled study to determine the safety and immunogenicity of COVOVAX [SARS-CoV-2 recombinant spike protein nanoparticle vaccine (SARS-CoV-2 rS) with Matrix-M1™ adjuvant] in Indian adults”.	Serum Institute of India Private Limited (SIPL) and ICMR (Co-sponsor) CRO-PPD pharmaceuticals	Principal Investigator Dr. Varsha Bhatt Co- Investigator Dr. A. L. Kakrani Dr Srikanth Tripathy Dr. Akshay A. Dhamne Dr. Shubhangi A. Kanitkar Dr. Abhijit V. Tilak Dr. Parag J. Ratnakar Dr. Shahzad Mirza Dr. Prachi Athavale Dr. Mandakini Bhowmick Regulatory Manager: Savita Mahajan	39,87,469/-

Ltd.	Principal Investigator Dr. Prakash Shende Co- Investigator Dr. A. L. Kakrani Dr. Srikanth Tripathy Dr. Shubhangi A. Kanitkar Dr Shahzad Mirza Regulatory Manager: Savita Mahajan	81,716/-
4	A Prospective, Multicentre, Randomized, Active-controlled, Observer-blind, Phase II study seamlessly followed by a Phase III study to evaluate the Safety, Tolerability and Immunogenicity of the candidate HGCO19 (COVID-19 vaccine) in healthy subjects	Genova Biopharmaceuticals Limited CRO- DiagnoSearch Life Sciences Pvt. Ltd.	Principal Investigator Dr. Prakash Shende Co- Investigator Dr. A. L. Kakrani Dr Srikanth Tripathy Dr. Shubhangi A. Kanitkar Dr Shahzad Mirza Regulatory Manager: Savita Mahajan	32,50,633/-
Department of Respiratory Medicine				
1	TB aftermath	John Hopkins	Dr M S Barthwal	US \$ 608,145
Department of Dermatology				
1	IADVL Postgraduate Thesis Grant 2020	IADVL	Dr. Sanjeev Gupta	50,000/-
2	IADVL - Research Grant. Understanding the role of melanocytes-fibroblast crosstalk in keloid pathogenesis	IADVL	Dr. Aayush Gupta	5,00,000/-
Department of Emergency Medicine				
1	Evaluate the Quality-efficiency and Effectiveness of pain management in the emergency room of a tertiary care center.”	DPU Fund	Dr. Avinav Luthra (Assistant Professor) & Dr. Varsha Shinde (Prof & HOD)	-
2	A study on ed Boarding of patients admitted to Emergency department of a tertiary care teaching hospital- a prospective study.	DPU Fund	Dr. Varsha Shinde & Dr. Arjun.H.M.(SR)	-
Department of Cardiovascular and Thoracic Surgery				
1	Daffodil Bioprosthetic Valve Project	Meril Life Science Ltd	Dr. Anurag Garg Dr. Ashish Dolas	--
Department of Cardiology				
1	A prospective, post marketing clinical follow up study to evaluate the safety and performance of Si9rolimus Eluting Cobalt Chromium Coronary stent system in real word in Indian population.	Translumina Therapeutics LLP	Dr. S. K. Malani	2,95,000/-

<p>The First Advanced & Basic Life Support in Obstetrics (ALSO &BLSO) Course in Collaboration with American Academy of Family Physicians was conducted successfully by the Department of Obstetrics & Gynecology at Dr.D.Y. Patil Medical College Hospital & Research Centre, Pimpri, Pune on the 6th, 7th & 8th October 2022.</p> <p>Whatever is just, pure and noteworthy of praise is mastering the art of medicine. However, the harsh truth of maternal & fetal morbidity is still a concern globally as well as in India. The WHO & United nations goal of reducing this mortality to 70/1,00,000 live births by 2030 is the main goal. Addressing this concern D.Y. Patil Vidyapeeth, Pune and its constituent Dr. D.Y. Patil Medical College, Hospital & Research Centre, Pimpri, Pune collaborated with the American Academy of Family Physicians (AAFP), which is a national association of family doctors. It is one of the largest national medical organizations, with 127,600 members in 50 states, D.C., Puerto Rico, the Virgin Islands, and Guam, with its headquarters at Leawood, Johnson County, Kansas United States, to conduct the Advanced & Basic Life Support in Obstetrics Course. The Advanced Life Support in Obstetrics (ALSO) and Basic Life Support in Obstetrics Course, is an evidence-based, interprofessional, and multidisciplinary training program that equips the entire maternity care team with skills to effectively manage obstetric emergencies. This comprehensive course encourages a standardized team-based approach amongst physicians, residents, nurse midwives, registered nurses, and other members of the maternity care team to improve patient safety and positively impact maternal outcomes. Its main focus is on patient safety, teamwork, communication skills and conducting scenarios in emergent obstetric conditions on simulators. Simulation based training reduces human error and practice boosts the clinician’s confidence thus helping to enhance competence in managing emergent obstetric conditions.</p>

Patil Medical College, Hospital & Research Centre, Pimpri, Pune. There has been a constant rise in childhood obesity and more so after Covid. It is an ongoing Pandemic. Childhood obesity predisposes the child for early non communicable diseases like T1DM, Hypertension, NASH as well as Mental disorders at an early age. The key to preventing obesity is to act early, ideally even before a baby is conceived. Awareness can bring change in this scenario.
